

Past Conference Report: 15th International Conference on Infectious Diseases, Prevention and Control

[15th World Conference on Infectious Diseases, Prevention and Control](#) which was held during March 19-20, 2020 at Dubai, UAE with the theme of “*Together to eradicate the term Infection !!!*” received a spectacular response.

With the active participation and support of the Organizing Committee Members, Editorial Board Members and impressive presentations of all eminent scientists, talented researchers and young student community made this conference one of the most successful and productive events in ME Conferences.

The conference was initiated with a warm welcome note from our Honourable guests and followed by Keynote sessions. We would like to convey the great appreciation to the Honourable moderator for the conference who contributed a major part to the success of this event.

The highlights of the meeting were the enlightening keynote lectures from:

- Gulfaraz Khan, UAE University, UAE
- Stef Stienstra, Dutch Armed Forces, Netherlands

Infectious Diseases Conf 2020 would also like to thank the following speakers for their splendid presentations on their research.

- Nur Hatab, RAK Collage of Dental Sciences, UAE
- Aparna Shukla, King George Medical University, India
- Marah El Beeli, Sultan Qaboos University, Oman
- Abdul Wahhab Mohammed Kamil Jawad, Baghdad Medical University, Iraq
- Gulfaraz Khan, UAE University, UAE
- Obaida Qatuni, Dubai Health Authority, UAE

We earnestly thank the Organizing Committee Members, Participants and Media Partners for their thoughtful presence and liberal support, without which the conference would not have reached the apex of success. Your response is our inspiration; recalling this maxim and seeing the triumph of Infectious Diseases Conf 2020, ME Conferences would like to announce the commencement of the “[16th World Conference on Infectious Diseases, Prevention and Control](#)” scheduled for March 15-16, 2021 in Dubai, UAE.

We welcome all the eminent researchers, professors, students and delegate participants from worldwide to partake in this forthcoming gathering to witness invaluable scientific discussions and add to the future advancements in the field of infectious diseases.
