Diet & Nutrition 2020 Conference Announcement

Email: diet-nutrition@insightsummits.com

The "4th International Conference on Diet & Nutrition" is going to be held on March 23-24, 2020 at Toronto, Canada. The primary topic of the **Diet & Nutrition 2020** is "Vision making a sound life by Healthful treatment". Diet and Nutrition 2020 will gather Clinical Nutritionists, Dietitians, Presidents, Founders, CEO's, researchers, academicians, students and business professionals in the field of **Nutrition** and **functional foods** from around the world to participate in the upcoming Nutrition conference. Toronto, the capital of the province of Ontario, is a major Canadian city along Lake Ontario's north western shore. It's a dynamic metropolis with a core of soaring skyscrapers, all dwarfed by the iconic, free-standing CN Tower. Toronto also has many green spaces, from the orderly oval of Queen's Park to 400-acre High Park and its trails, sports facilities and zoo. Toronto is located on the shore plain beside its harbour. There is a fairly abrupt rise 4 km inland which marks the shoreline of Lake Iroquois, a lake formed by glaciers 12,500 years ago that had a much higher water level than Lake Ontario. The best way to get around Toronto is by public transportation. The Toronto Transit Commission (TTC) runs three modes – subway, streetcar and bus – which operate extensive routes throughout the city and suburbs.

The meeting was carried out through various sessions, in which the discussions were held on the following major scientific tracks: Human Nutrition, Pediatric Nutrition, Maternal Nutrition, Sports Nutrition and Fitness, Plant Nutrition, Malnutrition, Diet and Cancer, Obesity and underweight, Eating Disorder, Dietary and Nutrients Supplements, Artificial Additives and Nutritional Immunology & Food Allergies. The abstracts received for Oral, Poster, E-poster presentation at the conference will be published in the supporting journal of this conference i.e., **Journal of Food and Nutritional Disorders**. This Journal enables authors to provide and archive supporting information such as data tables, method information and figures in digital formats so that other scientists can use it as the references for their further research.

The **target audiences** are Nutritionists, Clinical Nutritionists, Department of Nutrition and Dietitians, Health-Care Professionals, Infant care specialist, Nutrition and Food science Associates, Nutrition based Companies, Researchers, Scientists, Professors, Young Researchers, Students, Technical Staff, Pharmaceutical companies, Business Entrepreneurs, Manufacturing Medical Devices Companies and Organizing Committee Members for the conference include Mervyn Deitel Director MGB-OAGB Club, Toronto, Canada and Baojun Xu, Professor, Beijing Normal University,
